

Automotive Interior Designer

With our innovative spirit and over 50 years of expertise, we are forging ahead in Vehicle Engineering of product developments for the automotive sector. For successful developments in the future, we put our stakes on your know-how.

Your Growth Opportunities:

- Shape ideas from sketch to final product, this means that you will follow projects from early concept exploration to production-ready proposals;
- Understand the world's fastest-moving market by building a deep understanding of the automotive landscape and its design dynamics;
- Define technical and technological specifications for automotive components;

Your skills that will help us to get ahead:

- A Bachelor's degree or higher in Automotive Design or Product Design;
- Experience in automotive or mobility design;
- Advanced proficiency in Blender or similar 3D programs for modeling and visualization.
- A good knowledge of written and spoken English is also appreciated

Total compensation:

- **Contract type:** [Permanent contract]
- **Level:** CCNL Commercio
- **Gross annual salary (RAL):**

Junior Level €[25.000] – €[30.000] (determined on the basis of objective, neutral, and verifiable criteria)

Middle/Senior Level €[30.000] – €[40.000] (determined on the basis of objective, neutral, and verifiable criteria)

- **Benefits:** meal vouchers €6.50, corporate agreements/discounts

- **Smart working:** individual remote working agreements
- **Working hours:** Full-time (40 hours per week) with flexibility

This offer is addressed to all individuals in compliance with equal opportunity principles, without discrimination based on gender, age, origin, or other personal characteristics, in accordance with applicable laws.

This job posting has been drafted in compliance with:

- **Directive (EU) 2023/970 and Leg. Decr. 104/2022** (pay transparency and equal pay)
- **Leg. Decr. 216/2003 and 215/2003, and Laws 903/77 and 125/91** (equal treatment in employment)
- **EU Regulation 2016/679 GDPR** (data privacy protection)
