

# Automotive Supersport Car Project Manager (Multiple Positions)

High competence and the passion for new challenges make our Vehicle Engineering division the guidepost to the Automotive future. Take your next step and join our team.

We are looking for talented **Automotive Supersport Car Project Managers** (Junior and Senior profiles) to provide high-quality technical support to our customers in vehicle integration, quality and troubleshooting activities.

Opportunities are available both in **Modena** and **Bologna** locations.

### Your Growth Opportunities:

- Lead and coordinate cross-functional teams for the design, development, and validation activities in one of the following areas: Interior / Exterior / Body & Closures of Supersport Car.
- Define project scope, timing, and deliverables in alignment with program objectives.
- Monitor and control project progress, ensuring adherence to cost, quality, and timing targets.
- Act as the main interface between Design, Engineering, Manufacturing, and suppliers.
- Manage implementation of risk assessment and mitigation plans for technical and timing issues.
- Lead technical reviews and decision-making processes throughout development phases.
- Ensure compliance with regulatory standards and internal specifications.

### Your Skills That Will Help Us to Get Ahead:

- Degree in Mechanical Engineering or equivalent.
- Experience in automotive product development, with a focus on Interiors /Exteriors or Body & Closures.
- Strong knowledge of materials, manufacturing processes, and assembly technologies.
- Familiarity with CAD tools (CATIA, SIEMENS NX) and PLM systems.

- Experience in project management methodologies and tools.
- Excellent communication and leadership skills.
- Strong organizational and problem-solving abilities.
- Ability to manage multiple stakeholders and priorities
- Fluent in English and Italian.
- Availability for short business travels abroad.

**Total compensation:**

- **Contract type:** [Permanent ]
- **Level:** CCNL Commercio
- **Gross annual salary (RAL):** €[30.000] – €[50.000] (determined on the basis of objective, neutral, and verifiable criteria)
- **Benefits:** meal vouchers €6.50, corporate agreements/discounts
- **Smart working:** individual remote working agreements
- **Working hours:** Full-time (40 hours per week) with flexibility

The final compensation package (including base salary) will be defined based on the candidate's experience, technical expertise and overall fit for the role.

*This offer is addressed to all individuals in compliance with equal opportunity principles, without discrimination based on gender, age, origin, or other personal characteristics, in accordance with applicable laws.*

*This job posting has been drafted in compliance with:*

- ***Directive (EU) 2023/970** and **Legislative Decree 104/2022** (pay transparency and equal pay)*
- ***Legislative Decrees 216/2003** and **215/2003**, and **Laws 903/77** and **125/91** (equal treatment in employment)*
- ***EU Regulation 2016/679 GDPR** (data privacy protection)*

* Gender, age, nationality, or religion are not relevant for us – you are all that matters.

Sounds like your next challenge? Then we'll be looking forward to your application!
