

## Junior Software Validation Engineer - Automotive Infotainment\*

---

High competence and the passion for new challenges make our Electrics/Electronics division the guidepost to the automotive future. Take your next step and support our team.

We are looking for a **Junior Software Validation Engineer** with strong experience in **automotive software validation**, particularly in the **infotainment domain**. The ideal candidate has a experience with Android-based infotainment platforms, including Android Automotive and/or Android Auto

### **This will make you grow:**

- Perform software validation and verification activities for automotive infotainment systems;
- Define, develop, and execute test plans, test cases, and test procedures;
- Analyze software requirements and system specifications;
- Validate embedded software components on target hardware and/or simulation environments;
- Identify, analyze, and report software defects, working closely with development teams;
- Ensure compliance with automotive standards and processes.

### **And this is how you'll take us forward:**

- Degree in Computer Engineering, Electronics Engineering, or equivalent;
- Proven experience in software validation in the automotive domain;
- Strong knowledge about Embedded OS/environments (i.e. Linux, AUTOSAR, Android, etc);
- Strong knowledge of C and C++ programming languages;
- Experience with Android-based infotainment platforms, including Android Automotive and/or Android Auto, from a testing and integration perspective;
- As a plus, knowledge of Rust, Kotlin, Java and Qt;
- Familiarity with embedded systems and real-time operating systems;
- Experience with debugging tools, test automation, and version control systems (e.g. Git);
- Knowledge of CAN, LIN, FlexRay, Ethernet is a plus.

## Total compensation:

- **Contract type:** Permanent
- **Level:** CCNL Commercio
- **Gross annual salary (RAL):** €30K – €35K (determined on the basis of objective, neutral, and verifiable criteria)
- **Benefits:** meal vouchers €6.50, corporate agreements/discounts
- **Smart working:** individual remote working agreements
- **Working hours:** Full-time (40 hours per week) with flexibility

*\*This offer is addressed to all individuals in compliance with equal opportunity principles, without discrimination based on gender, age, origin, or other personal characteristics, in accordance with applicable laws.*

*This job posting has been drafted in compliance with:*

- **Directive (EU) 2023/970 and Leg. Decr. 104/2022** (pay transparency and equal pay)
- **Leg. Decr. 216/2003 and 215/2003, and Laws 903/77 and 125/91** (equal treatment in employment)
- **EU Regulation 2016/679 GDPR** (data privacy protection)
