

Automotive Product Development Specialist

High competence and the passion for new challenges make our Vehicle Engineering division the guidepost to the Automotive future. Take your next step and join our team.

We are seeking a skilled and knowledgeable **Automotive Product Development Specialist** to provide high quality support to our customers.

Your Growth Opportunities:

- Lead the technical development of assigned systems and components from concept to production.
- Manage technical interactions with suppliers and support project execution to meet quality, cost, timing, and performance targets.
- Define technical specifications, development documentation, and validation activities.
- Support testing, problem-solving, and product industrialization.
- Drive innovation, benchmarking, and continuous improvement initiatives.
- Contribute to cost management and ensure compliance with company standards and development processes.

Your skills that will help us to get ahead:

- Master's Degree in Mechanical, Vehicle, Automotive Engineering, or equivalent.
- Minimum 2 years of experience in automotive product development.
- Knowledge of component or system development from concept to production launch.
- Experience in preparing technical specifications, DFMEA, DVP&R, and engineering documentation.
- Familiarity with CAD and PLM tools such as CATIA V5/V6, NX, Teamcenter, or ENOVIA.
- Understanding of automotive development processes, validation activities, and supplier management.
- Strong analytical, problem-solving, and technical decision-making skills.
- Ability to work effectively within international and cross-functional teams.
- Fluent in Italian and English

Total compensation:

- **Contract type:** [Permanent contract]
- **Level:** CCNL Commercio
- **Gross annual salary (RAL):** €[30.000] – €[45.000] (determined on the basis of objective, neutral, and verifiable criteria)
- **Benefits:** meal vouchers €6.50, corporate agreements/discounts
- **Smart working:** individual remote working agreements
- **Working hours:** Full-time (40 hours per week) with flexibility

This offer is addressed to all individuals in compliance with equal opportunity principles, without discrimination based on gender, age, origin, or other personal characteristics, in accordance with applicable laws.

This job posting has been drafted in compliance with:

- **Directive (EU) 2023/970 and Leg. Decr. 104/2022** (pay transparency and equal pay)
- **Leg. Decr. 216/2003 and 215/2003, and Laws 903/77 and 125/91** (equal treatment in employment)

EU Regulation 2016/679 GDPR (data privacy protection)
