

## Automotive Interior Designer\*

---

Who we are: Working together, growing together, creating new things together: EDAG connects people and the future. Company and workforce share the same vision. You'll go your own way in your career at a high level, nationally or internationally.

High competence and the passion for new challenges make our Vehicle Engineering Design division the guidepost to the future. Take your next step and support our team.

### **This will make you grow:**

- Develop interior design concepts and options based on new vehicle visions and briefs
- Good knowledge of the main technical software (Adobe Photoshop, Blender or Alias, Keyshot );
- Ability and creativity in proposing alternative approaches and solutions;
- Innovation oriented;
- Good interpersonal and communicative skills;
- International mindset and able to work in team;
- Good knowledge of Microsoft Office Package (Word, Excel, PowerPoint);

### **And this is how you'll take us forward:**

- Bachelor's degree in Design (Transportation or Industrial Design) with a focus on Automotive;
- At least 3 years of experience as an Interior Designer in the Automotive industry;
- Analysis of the current market in the context of the current project;
- Concept and story telling creations;
- Hand and digital sketches, 3d rendering;
- Digital 2D renderings;

- Polygonal or Surface 3D modelling;
- Good time management capability and proactivity;
- Problem solving skills;
- Critical thinking.
- Good proficiency in English
- You have a strong passion for automotive and innovation

Location: Fiorano Modenese (MO)

\* Gender, age, nationality, or religion are not relevant for us – you are all that matters.

Sounds like your next challenge? Then we'll be looking forward to your application!
